THE PERSONAL TOUCH

Even though my typewriter is an old model, it works quite well except for one of the keys. I have wished many times that it worked perfectly. It is true that there are forty-one keys that function well enough, but just one key not working makes the difference.

Sometimes it seems to me that our Lodge is somewhat like my typewriter--not all the people are working properly.

You may say to yourself, "Well, I am only one person. I won't make or break a program." But it does make

a difference because any program, to be effective, needs the active participation of every member.

So the next time you think you are only one person and that your efforts are not needed, remember my typewriter and say to yourself, "I am a KEY person in our Lodge and I am needed very much."
